

Are you protected against OH&S prosecution?

QBE can assist in proactively managing your workers compensation claims, return to work strategies and OH&S to develop solutions that fit your business.

Large fines and penalties exist for breaches of your OH&S responsibilities. Your WorkCover levy rate could also be at risk.

QBE acting in partnership with your broker, is offering a **FREE**, 1 hour on-site OH&S initial review of the adequacy of your OH&S management system to protect you and your workers.

OH&S and Risk Management Services

Are you aware of the possible penalties if something goes wrong? Yes No

Have you identified all the OH&S related hazards in your business? Yes No

Are you controlling them effectively? Yes No

Do you know what could happen if you injure a worker? Yes No

If you answered "No" to any of the above, you may need our help.

OH&S management systems coupled with powerful customised training will ensure that your risks are reduced to the lowest practical level.

QBE offers:

- » on-site systems audit and strategy implementation customised to your business
- » risk assessments

- » legal compliance analysis
- » easy to read and understand OH&S reports
- » SABS gap analysis
- » on-site training on management systems, processes and risk controls
- » OH&S policy and procedure writing

Proactively managing your workplace risks will lead to a reduction in claims and subsequently levy costs, as well as fines for breaches of legislation.

Performance Review and Strategy Implementation Reports

Based on your audit performance, QBE can work with you in setting appropriate goals and assist with the implementation of strategies to improve your OH&S and injury management outcomes, thus leading to reducing levy costs.

Levy Rate Reviews

Does your industry classification (used to calculate your levy) reflect your predominant business activity? Are you unsure as to whether a claim can be excluded from affecting your levy rate? Our experienced claims staff can offer practical advice as well as representation on your behalf, ensuring you do not pay more than you have to.

Claims Management Advisory Service and Support

Regardless of whether you are self insured or your claims are managed by WorkCover's agent, invaluable advice can be provided which ensures you as the employer remain in control and obtain the best possible outcome for each claim.

QBE offers:

- » on-site case management or project work pertaining to workers compensation
- » claims advice, particularly useful for negotiating high risk claims
- » support and training with setting up effective injury management systems
- » rehabilitation, medical and legal cost management
- » guidance for the running of tribunal matters

Tailored Training Programs

QBE can provide training services tailored to suit your individual company needs. Training is provided onsite and can be industry specific or custom built.

Members of Self Insurers South Australia (SISA) are entitled to a discount.
